AUTHOR'S NOTE

After years of exhaustive study and untiring devotion to the tracing of the Bunker genealogical lines, the time has come for this family record to go into the printer's hands. I could not feel just pride in my work if I did not acknowledge the invaluable assistance that members of the Bunker families everywhere have given me, or fail to say something of the joy that has come in friendship and fellowship with the Bunker clan.

Appreciation of the work at the Census Bureau in Washington, D. C., by my son, Paul Wilson Moran, and my wife, Irene S. Moran and her long suffering tolerance of this engrossing hobby of mine is also due.

A supreme effort for accuracy and completeness has been made; but discrepancies in family, gravestone, Biblical and official records, frequently occur. Authenticated sources for facts given on the older families have been cited.

And so on this January 15, 1942 my book goes forth to the publisher, with the hope that my "labor in the vineyard" has not been in vain.
